Pepar Anspaugh  
Sarasota School of Arts and Sciences  
645 Central Avenue  
Sarasota, FL 34236

Dear Mr. Anspaugh:

Congratulations on earning an "A" in the 2005-2006 school year! We know that you, your staff and students worked extremely hard to achieve this success.

The Florida Consortium of Charter Schools supports and promotes high quality charter schools throughout our state. Both your strong leadership and commitment to public education are evident in the enormous achievements of your charter school.

We are very proud of the incredible gains our charter schools have been making in student achievement for all students. Charter schools provide parents with educational options to choose a public school that best meets their child's learning needs.

We recognize your hard work and wish you continued success during this school year. Keep up the great job!

Sincerely,

Rene Lewis,  
Executive Director
