

Eco-Tigers Club

The Eco-Tigers Club, formerly known as the SSA+S TerraCycle Club, is looking for new members! We will continue working with Terracycle as we did last year, but will also be open to other eco- friendly ideas and projects.

The members of the Eco-Tigers Club will take part in this eco-revolutionary club while encouraging their fellow SSA+S students and the community to save our planet by collecting *more* than one Snack Wrapper at a time.
