Course 2 Math

Welcome to Math 2! The main goal of this class is to prepare you for taking Pre-Algebra as an 8th grader.

During this particular year, we will (1) develop understanding of and applying proportional relationships; (2) develop understanding of operations with rational numbers and work with expressions and linear equations; (3) solve problems involving scale drawings and informal geometric constructions, and working with two- and three-dimensional shapes to solve problems involving area, surface area, and volume; and (4) drawing inferences about populations based on samples. You will be tested on the 7th grade standards for all of our in-class assessments and FSA.

We will be using a lot of cooperative learning and applying concepts to real world scenarios. We will use partners and small groups on a consistent basis with the use of technology, hands-activities, journal reflections, etc.

ASSIGNMENTS ONLINE!

If you forgot to write down your homework or you missed class, look on ESD Gradebook and choose the calendar feature. I will load all assignments, tests, and quizzes for the week in the gradebook. Choose the calendar feature and plan your entire week! All classes will be listed in one helpful calendar!

YEAR PLAN

Quarter 1:

- Integers
- Rational Numbers
- Expressions & Equations

Quarter 2:

- Inequalities
- Ratios & Proportions
- Percent

Quarter 3:

- Angles & Triangles
- Circles
- Surface Area of Solids

Quarter 4:

- Volumes of Solids
- Data Analysis & Samples
- Probability

MAKE UP WORK

The student has one school day to make up work for each school day excused absence (day for a day). For example, the student is out for 4 school days then the student has 4 school days to turn in the make-up work. Work can be made up for excused absences, out-of-school suspension, religious holidays, and excused tardies.

Students should use the extra copies bin and assignment calendar in the classroom to find missing work/ make up work.

Planned trips and holidays may not apply—try to do make up work BEFORE your trip. Remember to email the principal for approval of trips.

Parents may call the front desk to request make up work for any absences over two days.

Long term projects and tests scheduled before the absence do NOT apply. Students will sit for a test the day that they return.

LATE WORK

Students must turn in work when it is due so that they do not lose points.

Late work will lose 10% each day that it is late.

Long-term Projects will receive harsher penalties for tardiness. They will be accepted, however, for at least a 50% before the quarter ends.

Plagiarism or copying work will result in a zero and a detention.
